# Hey Teacher!

## **I hope you are all set up to love teaching WHILE enjoying your own life.**

I put my heart into teaching and helping other teachers rock their teaching while still getting to enjoy their life.

If you have any questions, or want help finding the best time/sanity saving plan that works for you, feel free to reach out because I am always happy to help!

You can reach me at

**[elementaryali@teachersworkstation.com](mailto:elementaryali@teachersworkstation.com)**

You can find more ideas and resources on my [blog](#) and in my [TPT store](#).

# The Year at a Glance Planner

PreK 4 Year Olds

**This guide is designed to help you plan and see how the 4 year old curriculum is used in a 5 day a week program.**

This bundle has grown and grown every year. I originally developed this for a two day a week program, but it has grown into a full week, learn through play, preschool program that has shown real student mastery. The fact that I am always thinking and adding resources to this program means you will get any future updates that are added after you purchase it for FREE!

The resources are perfect for a preschool schedule of 2-5 days per week. This guide will show you how the activities work for 5 days a week. But, this is easily adapted for 2 days per week.

This program covers the letters at a pace of two letters per week. When you teach in a 2 day a week program, that means you will cover 1 letter per week. When you teach in a 4-5 day a week program, you will cover 2 letters per week.

More Resources are **Coming Soon!!**

**Future updates in the works:**

- **Phonics Extension digraphs and CVC words**
- **Math: Counting by 10's**
- **Addition: Making 5**
